To: Child Care Providers

Re: Business Licensing

As a reminder, per NAC 432A.200.7 all licensed Child Care Providers are required to comply with applicable codes concerning human life, environmental health, building, and zoning, as established respectively by the State Fire Marshal, the State Board of Health and the appropriate local government. This includes any applicable State and Local Business licensing.

Your surveyor will be verifying that you have complied with business license requirements during your routine surveys. Please ensure that you have checked with your local business licensing office AND the State of Nevada regarding the requirements for business licensure to verify you are in full compliance.

Check with your local/ city/ county government and the State of Nevada, Secretary of State's Office, for specific guidance related to this issue.

The contact for State Business License is as follows: Customer Support at (800) 450-8594 option 9 or e-mail support@nvsilverflume.gov

Latisha Brown
