EARLY CHILDHOOD TRAINER

Initial Trainer Qualification Criteria and Annual Renewal Requirements

There are two separate trainer types within The Nevada Registry’s training approval system: Early Childhood Trainer and Topic Trainer. Individuals will qualify as one or the other; not both. One in a series of resources available to trainers, this document outlines the criteria that must be met in order to qualify as an Early Childhood Trainer.

Definition of Early Childhood Trainer

Early Childhood Trainers possess formal education and direct experience in Early Care and Education (ECE), and may or may not work in a child care program in a direct service position (as defined on The Nevada Registry Membership Application). Qualification to become an Early Childhood Trainer is based on formal education in ECE, experience as a trainer and direct experience in the field. Registry membership does not guarantee qualification as an ECE Trainer. Early Childhood Trainers are not limited by training topic and can provide training in all eight Core Knowledge Areas though certain restrictions apply with regard to initial training requirements and other topics requiring certification/licensure.

Trainer Category

Before the Early Childhood Trainer type is assigned, an individual’s trainer category is determined based on their training delivery intent, the frequency that training will be delivered, whether he/she is being sponsored by a center/organization and whether he/she represents a national organization recognized by The National Workforce Registry Alliance or other recognized organization included in the Professional Development Acceptance Guidelines document of The Nevada Registry. An individual’s type determines the content he/she can provide, whereas an individual’s trainer category determines his/her initial application/renewal requirements, regardless of his/her assigned trainer type. Seven trainer categories have been defined. The chart that follows provides detailed information regarding each of the seven identified categories.

**New Trainer Application Period**

New Trainer Qualification Applications are accepted year-round.

**Qualification Period**

Each individual’s trainer approval status is valid for a period of twelve months from the date that his/her Trainer Qualification Application is approved. This becomes his/her unique “qualification period” with the last day of the twelve-month period becoming his/her unique trainer expiration date. For example, if the individual’s trainer application is approved on March 6, 2020, his/her trainer expiration date will be twelve months later making his/her qualification period March 6, 2020 – March 6, 2021 and his/her trainer expiration date March 6, 2021.

**Trainer Renewal Requirements**

Individuals approved in the Generalist, Out of State and Corporate trainer categories** are required to renew their trainer status annually in accordance with their unique trainer expiration date. To be eligible for the next twelve-month qualification period, trainers must fully meet annual renewal requirements specific to the delivery of training and the completion of continuing education. Complete details about the requirements that must be met in order to renew as an approved Early Childhood Trainer, are outlined in the “Trainer Renewal: Annual Requirements for the Delivery of Training and Completion of Continuing Education” document of The Nevada Registry.

**Individuals in the Conference, Sponsored, Organizational Representative and Compliance categories are not required to meet annual renewal requirements.**
Other Requirements
The Training Approval System is in a continuous state of quality improvement and will remain under development for an indefinite period. Trainer approval decisions are at the discretion of The Nevada Registry, based on the established criteria. The Nevada Registry reserves the right to modify and/or implement additional trainer requirements as part of the continual development of the training approval system. Employers considering hiring individuals to deliver training are encouraged to stay abreast of changes in trainer criteria and to select candidates who meet the current established criteria. The Nevada Registry will not make approval exceptions to accommodate programs who have hired individuals who do not meet the established criteria.

This document is reviewed frequently and revised on an as needed basis. Always refer to the ‘For Trainers’ page of The Nevada Registry website for the most current version.
