Dear Child Care Provider,

You are receiving this letter because you are registered as a subsidy provider and therefore receive funding from the Child Care and Development Block Grant through either the Las Vegas Urban League or The Children's Cabinet.

The Child Care and Development Program (CCDP) will be implementing an Expulsion and Suspension Prevention policy effective April 1st, 2019. This new policy will require that certain steps be taken by child care providers prior to suspending or expelling a child from your program. The steps include training and support from the Technical Assistance Center for Social Emotional Intervention (TACSEI) and the overarching goal is to improve the quality and continuity of care for children in Nevada.

Prior to policy implementation, CCDP would like to invite you to an open forum for discussion on expulsion and suspension, feedback from your program, and to provide answers to any questions you have about the policy and the support TACSEI will provide.

The dates and locations of the meetings are as follows:
