

This Is About You.

The Nevada Registry helps turn your passion for Early Care and Education into a profession.

Few jobs are as important as the early care and education of a child, particularly during the early years. The Nevada Registry is a no-cost program that supports your commitment to children and the invaluable work you do. Our job is to help you turn your passion for Early Care and Education (ECE) into a lifelong career - one that grows and develops, just like the children you care for.

You, the ECE Professional.

The Nevada Registry puts you on a professional ECE Career Ladder.

A specialized Career Ladder provides you with a roadmap for achieving your educational and professional goals. The Career Ladder supports you as you increase your training and education to improve the quality of care for all children. As you advance through your ECE career, The Nevada Registry will:

- ★ Place you on the Career Ladder
- ★ Maintain your personal career development file
- ★ Issue a customized report of your completed Registry-approved training
- ★ Award you a professional Certificate of Achievement
- ★ Keep you informed with membership newsletters

Being a part of The Nevada Registry demonstrates that you are committed to an industry that needs professionals more than ever.

Who Can Join?

Turn to The Nevada Registry if you are an Early Care and Education professional.

Early Care and Education professionals work at all levels of the Career Ladder, from entry level to advanced. The Career Ladder recognizes the important contributions of the entire ECE workforce, regardless of the position a person holds or their level. ECE professionals are

- ★ Teachers
- ★ Administrators
