

Automatically Accepted ECE Trainings

A joint agreement between The Nevada Registry and Statewide Child Care Licensing Departments

Adopted April 2007 - Updated November 2008

Below you will find a list of ECE trainings that Licensing will automatically accept without a Registry-issued approval code or letter. What this means is that you can attend any of the listed trainings and present your certificate of completion to Licensing without submitting it for approval through the Registry. In no way does this list supersede the existing training approval process for what is deemed “traditional” child care training in Nevada (i.e., workshops and training being offered in-state). **The majority of training you take is still subject to the training approval process.**

*Any training that does not appear on this list must be approved by the Registry and receive a Registry-issued approval code or letter in order to be valid and eligible for child care training hours. **

This list may be updated periodically.

Name of Organization	Automatically Accepted ECE Conferences, Seminars and Training
Accredited Universities or Community Colleges	Credit-bearing college courses, taken from accredited colleges and universities that are related to Early Care and Education may count toward your required annual training hours. Each semester credit completed equals 15 hours of training that can be documented with a copy of a transcript or an official grade report. If you are unsure whether your course will qualify for hours, contact your Licensing surveyor.
American Montessori Society (AMS) <i>(Integrated with NCME – National Center for Montessori Education)</i>	<ul style="list-style-type: none"> • Annual Conference • Fall Conference

ZERO TO THREE: National Center for Infants, Toddlers and Families	<ul style="list-style-type: none"> • Annual Conference

* NOTES:

1. Any training that is not on this list (and that isn’t a traditional training you’ll find on the training calendar) must be submitted to the Registry for approval using the INDIVIDUAL REQUEST FOR CHILD CARE TRAINING HOURS FORM. Contact the Registry to request this form.
2. Training taken for teacher re-certification through the Department of Education, foster care licensing, recertification/licensure for medical/health care staff, and any other Non-ECE recertification and/or licensures, must be submitted using the INDIVIDUAL REQUEST FOR CHILD CARE TRAINING HOURS form. In some cases, not all of the training taken to meet one of these requirements is applicable to ECE. The Registry reviews these requests on a case by case basis to determine whether, none, some, or all of the hours being requested can be granted. Contact the Registry to request this form.
