

TMCC EARLY CHILDHOOD EDUCATION 1-CREDIT CLASSES

Did you know that the Early Childhood Education program at TMCC offers one-credit classes each semester? These condensed classes offer students an opportunity to do a deep-dive into topics relevant to their work with young children.

One-credit classes count for 15 hours of Nevada Registry training!

Join us and add college credit to your professional development portfolio.

SPRING 2020 COURSE LIST

ECE 121 – PARENT (CAREGIVER) RELATIONSHIPS

This course focuses on effective, positive communication skills to enhance family-teacher relationships in early childhood education programs. Students will learn formal and informal verbal and written communication strategies. Daily interactions, newsletters, phone conversations, informational bulletin boards, record keeping, family conferences and home visits will be introduced as methods of communication.

This class is offered entirely online. Class dates: 1/28 - 3/1

ECE 123 – HEALTH & NUTRITION FOR YOUNG CHILDREN

This course focuses on the physical development, nutrition, health, safety and childhood illnesses and diseases of young children in early childhood education programs. Students are introduced to menu planning, selecting safe equipment and toys, routines to ensure good health, policies on safety and illness, and integrating nutrition and health into the early childhood curriculum.

Hybrid class with content online and one in-person meeting. Class dates: 3/7-4/10 (meeting date: 3/7)

ECE 155 – LITERACY AND THE YOUNG CHILD

This course focuses on teaching literacy skills to young children in early childhood education programs. Students learn about the developing auditory and visual perception skills of preschoolers, as well as effective techniques to support literacy development including listening, speaking, pre-reading and pre-writing skills.

Hybrid class with content online and one in-person meeting. Class dates: 4/18-5/15 (meeting date: 4/18)
