

Envisioning an Early Childhood Assessment System for Nevada

Please join the Nevada Department of Education, Office of Early Learning and Development (OELD) for a discussion on envisioning an early childhood assessment system for Nevada as we prepare to complete a request for proposal to identify a screening or assessment tool for kindergarten entry. Prior to this work, we want to gather input from the early childhood field on how this tool fits into a comprehensive assessment system and how it impacts the early childhood programs that children attend prior to kindergarten. We will be holding the same meeting three times on Tuesday January 25. You only need to attend once, so please select the time that is most convenient for you.

In the spring of 2022, OELD will be moving forward with a request for proposals to identify a screening or assessment tool for kindergarten entry. Prior to this work, we would like to have a discussion on how this tool fits into a comprehensive assessment system and how it impacts the early childhood programs that children attend prior to kindergarten.

As a valued member of the early childhood community, your input is important!

Who Should Attend?

- Child Care Teachers and Administrators
- Family Child Care Providers
- Pre-K Teachers and Administrators
- Kindergarten Teachers and Facilitators
- Special Education Early Childhood Teachers
- Read by Grade 3 Learning Strategists
- Elementary School Principals and Administrators
