

Guide to Accessing **FREE** Online Initial Training Courses

This guide includes instructions for accessing courses to meet the initial training requirements of Child Care Licensing. While there are many online training organizations currently approved in Nevada (and multiple organizations offering courses to meet the initial training requirements*), this guide focuses on the two organizations currently offering initial training **at no charge**: ProSolutions Training and the University of Nevada Reno - Extension. Refer to the [INITIAL AND CONTINUING TRAINING REQUIREMENTS FOR CAREGIVERS WORKING IN LICENSED CHILD CARE FACILITIES: Guidelines for Completion](#) document for complete details about initial training requirements. ***ALL required initial training, except for CPR and First Aid, is currently available online at no charge.***

**You are not required to complete your initial training through ProSolutions Training or the University of Nevada Reno – Extension. Additional free and fee-based options are available through HiMama, Zero to Three, Safeguard and ContinuEd. Please visit the [Training Calendar](#) to view all options and make your selections based on your own personal professional development needs.*

It is recommended to ALWAYS select your training sessions and courses from The Nevada Registry's [Training Calendar](#). Anything that has been approved by the Registry, and that is open to the public, will appear on the calendar up until, and including, the day of the event. Even if you receive a flyer from a training organization indicating that courses are approved in Nevada or have a subscription to the full course catalog for a training organization, do not assume that ALL courses are approved as some may not be approved due to specific regulatory requirements for training approval.

IMPORTANT NOTE: All training sessions meeting a specific initial requirement of Child Care Licensing include a disclaimer as shown in the examples below. Training will be accepted to meet an initial training requirement only when this disclaimer is present.

Transportation and Field Trip Safety in the Early Childhood Environment

[Printable Version](#)

This training can be taken to meet the initial training requirement for Transportation Safety.

Signs and Symptoms of Illness with Bloodborne Pathogens

[Printable Version](#)

This training can be taken to meet the initial training requirement for Signs and Symptoms of Illness.

Some child development and wellness training sessions do not fully meet the licensing requirement. In these instances, the disclaimer will indicate that additional training will need to be taken to meet the requirement in full.

Early Childhood Development: Three to Five Years

[Printable Version](#)

This training can be applied toward the Child Development/Guidance & Discipline training requirement; however, because it is less than three hours in length, additional training in Child Development/Guidance & Discipline will need to be completed to fully satisfy the three-hour requirement.

ProSolutions Training

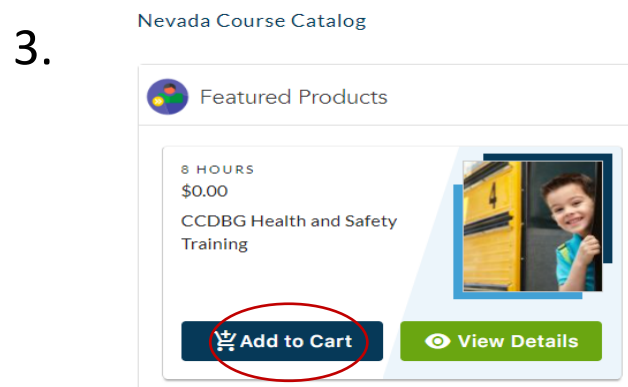

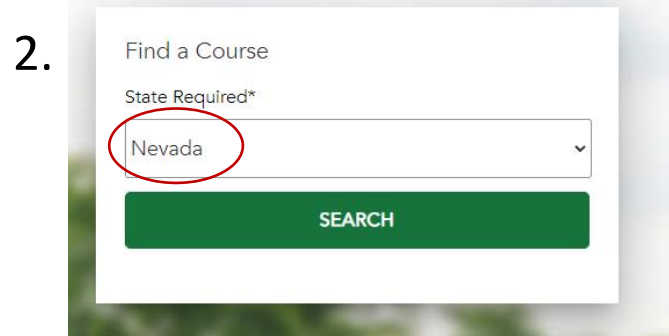

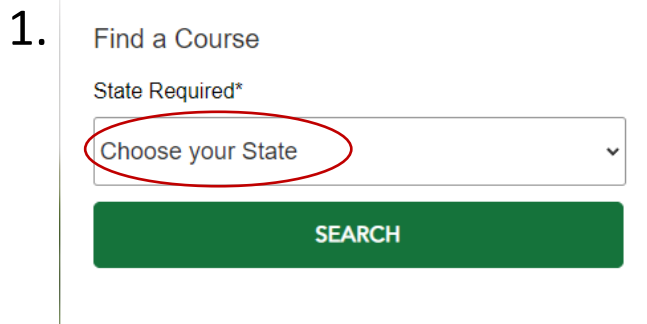

<https://www.prosolutionstraining.com/>

Nearly 250 online courses offered by ProSolutions Training are currently posted to the Training Calendar. The cost varies by course, except for five CCDBG Health and Safety/initial training courses which are offered at no charge. **You ARE NOT required to be a member of The Nevada Registry before taking these courses. When setting up a ProSolutions Training account, you will first select the state (Nevada). Check the 'opt out' box if you do not yet have a Registry ID number.**

Initial Training Courses Offered at No Charge for Nevada educators:

- Building and Physical Premises Safety, Including the Storage and Handling of Bio-Contaminants and Hazardous Materials
- Emergency Preparedness and Response Planning Resulting from a Natural or Man-Made Event
- Medication Administration and the Prevention of and Response to Food and Other Allergies in the Child Care Environment

You ARE NOT required to be a member of The Nevada Registry before taking these courses. When setting up a ProSolutions Training account, check the 'opt out' box if you do not yet have a Registry ID number and leave the 'State Registry ID' field blank.

You have indicated that you live in Nevada. To ensure that your completed courses are included in the Nevada Registry, your Nevada Registry Member ID# is required. This is a one-time only requirement. Enter your Nevada Registry Member ID# in the "State Registry ID" box below.

To find your Nevada Registry Member ID#, log into your Nevada Registry account at nevadaregistry.org. Your Member ID is in the Membership Profile section of the Membership Account screen.

If you do not have a Nevada Registry Member ID# and do not wish to receive credit in the Nevada Registry for your training hours, check the opt out box

I choose to opt out of sending my completed training hours to my state registry for credit.

Note: If you have a Registry ID number, your courses will be automatically added to your membership account typically within one week of completion. You may return to your ProSolutions account to add your Registry ID number to your ProSolutions profile if you become a member after completing courses. Always print a certificate of completion for your own records.

Once you have created your account (or signed in), you will be able to complete your order.

1. This page shows all courses and packages that you have added from the Course Catalog.
2. The button will change colors to show your progress. Click the button for direct access to where you left off. If you want to review the slides, click the course title.

You may now use your Google or your Microsoft account to create an account at this site and subsequently log in. If you do not have either of those, then please use the regular email-based procedure through clicking on the "Create new account" button below.

Another alternative is an [Account Creation Form](#) provided by our fee-based storefront site which does not require email validation. Upon creating an account there, you will find a link to bring you back to Campus, where you will be automatically logged in. Subsequent logins, though are done directly on this page at campus.extension.org.

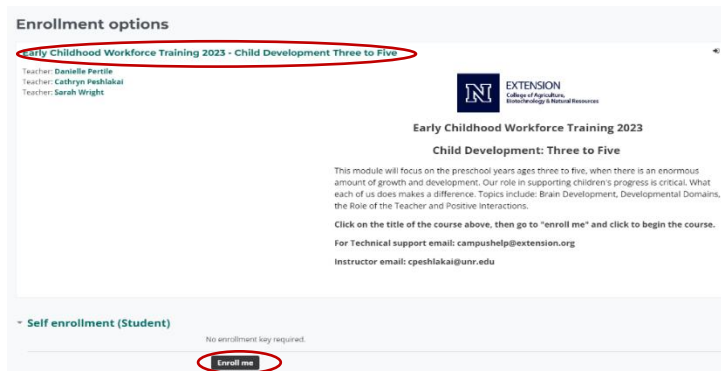

If you have any problems or questions about creating your account, see the [Campus Help Page](#).

[Create new account](#)

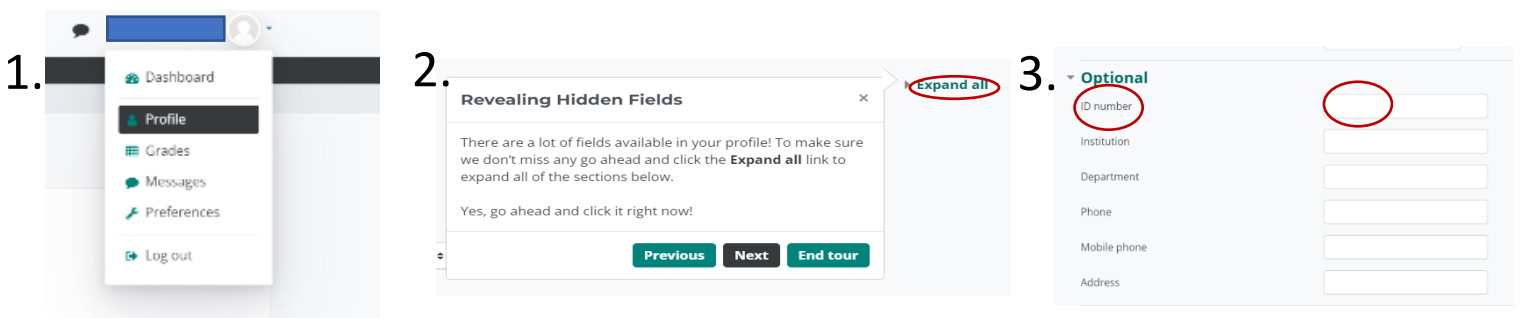

When creating a new account, an email will be sent to your email address to complete your registration. Click on the link in that email to register your account.

Once your registration has been confirmed, log into your account using the username and password you created. Click on the course of interest and then 'Enroll me'.

To add your Nevada Registry ID to your UNR profile, click on the arrow in the right corner (next to your name), 'Edit Profile' and then 'Expand all'. In the optional section, enter your Registry ID number. If you do not have a Registry ID yet, enter '0000' in this field. A certificate will only be issued if there is a number in this field.

Always check The Nevada Registry's online training calendar BEFORE registering for any training to ensure that it is Registry-approved. If it is not approved by the Registry, it will not be accepted by Licensing! If ever you are in doubt, feel free to [contact](#) The Nevada Registry to speak with a Registry staff member who can verify the approval status for you.
